

THANK YOU

Thank you for purchasing our FerroForcia parts!

PACKAGE CONTENT

Part number	Quantity	Description
WPF1-001-U	1	1x left bracket 1x right bracket

PAINTING/ASSEMBLY LIST

Before painting and mounting the brackets onto your Defender, first check the instructions as described in our [Painting/Assembly list](#).

MOUNTING VIDEO

Besides the mounting instruction below, we also have a mounting video available. Scan the QR-code or go to our website www.ferroforcia.com/product/wp1-001-u/

MOUNTING INSTRUCTION

TIP: when using the optional filler plates, use tape to prevent the upper filler plates from rotating while mounting.

Replace bracket by bracket.

- 1 Disassemble one of the old brackets.
- 2 Clean the spot where the new bracket will be mounted.

- 3 Mount the FerroForcia bracket
 - a) Left and right brackets are different! Use the correct one for each side
 - b) Put the screws in place
 - c) If you are using optional filler plates: put the lower filler plate in place (and the upper one, easiest when it's taped to the bracket itself)
 - d) Place the bracket
 - e) Make sure it's tightly secured
- 4 Now disassemble the other old bracket.
- 5 Clean the spot where the new bracket will be mounted.
- 6 Mount the other FerroForcia bracket
 - a) Put the screws in place
 - b) If you are using optional filler plates: Put the lower filler plate in place (and the upper one, easiest when it's taped to the bracket itself)
 - c) Place the bracket
 - d) Make sure it's tightly secured
